Pruebas Natalia de la Rans

Prueba web service

The screenshot shows the GitHub interface for the repository 'web-service-ndelarians', which is private and forked from 'UninorteMovil/uninortemovil-classroom202430-web-service-f_web_service_random_user_template'. The repository is on the 'main' branch, which is 2 commits ahead of the upstream 'main' branch. The commit history shows the following:

Commit	Author	Message	Time
bc62bfe	ndelarians	Finish	15 minutes ago
		lib	15 minutes ago
		ios	2 months ago
		integration_test	2 months ago
		android	2 months ago
		.github/workflows	2 months ago

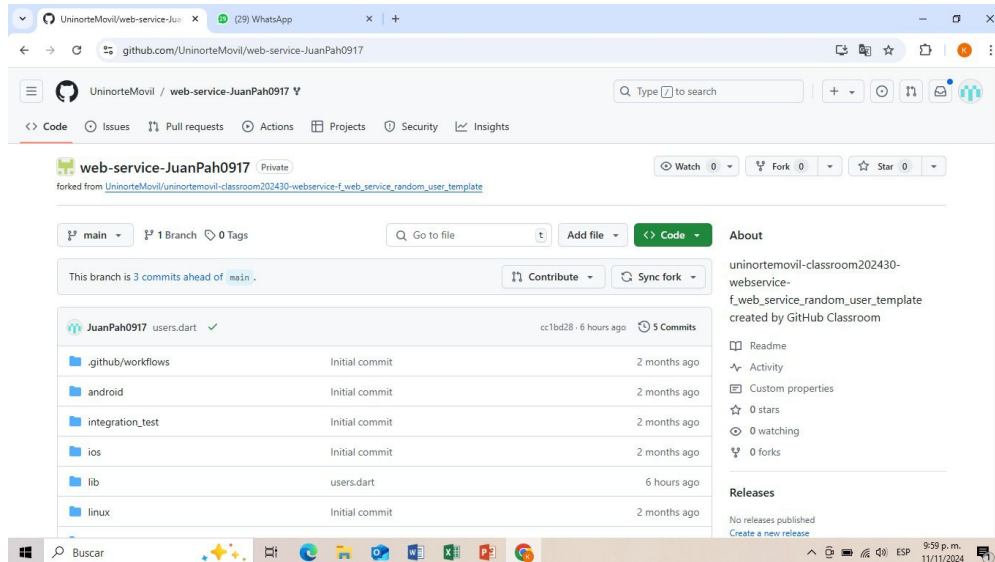

Prueba database

The screenshot shows the GitHub interface for the repository 'database-ndelarians', which is private and forked from 'UninorteMovil/uninortemovil-classroom202430-database-f_todo_app_database_template'. The repository is on the 'main' branch, which is 3 commits ahead of the upstream 'main' branch. The commit history shows the following:

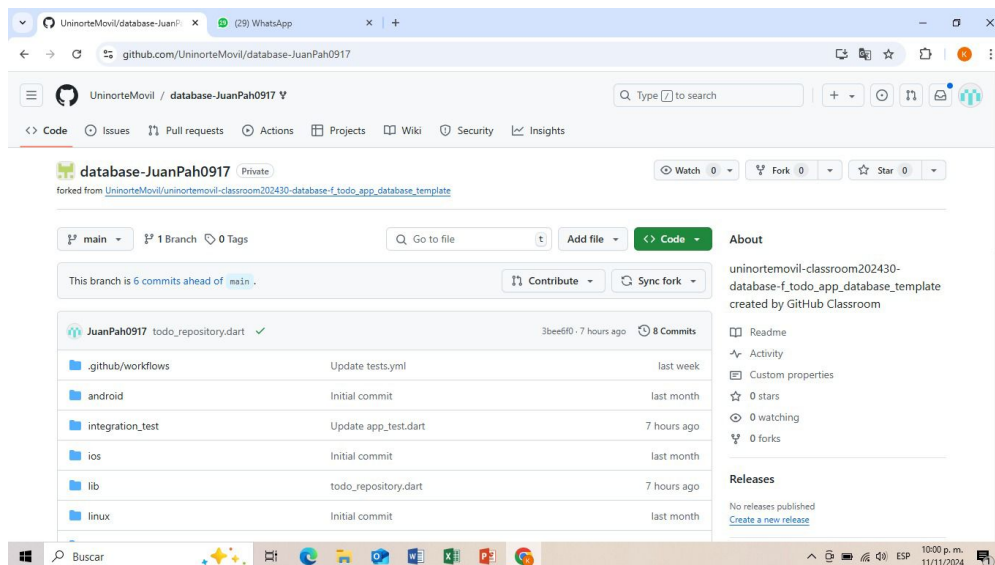

Commit	Author	Message	Time
4ac6347	ndelarians	Finish	7 minutes ago
		linux	last month
		macos	last month
		test	last month
		integration_test	7 minutes ago
		ios	last month
		android	last month
		.github/workflows	5 days ago
